Nathan E. Guyer  
General Chairman  
Centennial Committee  
MASS Rifle Ass, Inc  
Walnut Hill.

Dear Nathan,

It gives me great pleasure to write and thank all of you gentlemen for your very kind hospitality shown to me on the occasion of my flying visit to Walnut Hill last June.

I have just recieved those lovely coloured photographs, and had earlier recieved your letter and for all of those I thank you most sincerely.

My family and I had a lovely holiday of 12 weeks duration, we visited USA, England, Scotland and of course Ireland, I had intended to be in Co Meath for the finals of the World Championship Clay target as a spectator, but I didnt quite make it, Irish hospitality intervened. Nathan you look quite good on my home movies, also the rather tall gentleman who took the photos, so all in all I have some nice momentos of my visit. Thanks also for the brassard I will be putting that on the back of my shooting jacket.

I am enclosing a couple of brassards from my local club one for you Nathan and one for the tall one, sorry I have forgotten your name, you also lent me your gun I believe. We had some Americans over shooting trap last year, they found it rather difficult adjusting to our 90d angles and very fast clays.

I hope that all of your centennial plans are going well, I wish all of you good luck and good shooting in the future.

Sincerely,

*James Dunne*
